In the context of the above it has become necessary to review and evaluate duplication of field activities in light of the current situation. To eliminate this problem, I have drafted new directives for your review and consideration. Please evaluate each draft on its own merit with the goal of finding acceptable solutions in which all can agree on. As you must know LANCER has made some inquiries regarding our activities which we cannot allow. Please submit your views no later than October. Your action to this matter is critical to the continuance of the group.

DRAFT

Directive Regarding President's EYES ONLY

In the likely event that the subject of unidentified flying objects or unconventional aerial weapons is a subject matter under discussion with the Chief Executive, National Security Council Staff, department heads, the Joint Chiefs, and foreign representatives, a clarification of the question is in order to ascertain the reason(s) for bringing up the subject. A standard response should suffice to redirect the question. Under no circumstances should a member suggest or by inference, that the subject is classified as a national security threat. In the unlikely event that UFO's overtly display hostile intent towards the security of the United States, as a group, and after consultation, should a full disclosure be made in accordance with the law as required.
